

SCIENTIFIC RESEARCH + PROGRAM MANAGEMENT

Clinical Research Management, Inc. provides professional and support staff for scientific research and clinical trials. Our exceptional employees—80% are college graduates and 40% have Doctorates—are committed to delivering flexible, high-quality services to meet your ever-changing needs. We support research around the globe, with work sites in the U.S., Africa, and Asia. You can rely on CRM for *all* your research needs because we provide scientific research *and* program management support.

LEADERSHIP

CRM's excellent reputation in clinical research reflects its founder, Victoria Tifft. She is a third-generation entrepreneur with remarkable leadership and interpersonal skills. While in the Peace Corps, Victoria lived in developing countries and researched children's health issues. She also served as a biologist for the Smithsonian National History Museum and helped create the Clinical Trials Center at the Walter Reed Army Institute of Research. As president, Victoria ensures that CRM delivers high-quality services at a fair price.
